Occupational Therapist Assistant - OTA in Home Care (San Diego, CA)

Occupational Therapist Assistant – Gentiva

I believe that better care begins at home.
Compassionate care, uncompromising service and clinical excellence – that’s what Gentiva® patients have come to expect from our occupational therapist assistants for nearly 40 years. Gentiva, America’s homecare leader, has set the clinical standard for today’s fastest-growing segment of healthcare – homecare. By creating innovative solutions that lead to high-quality patient outcomes, Gentiva’s patient-centered approach improves quality of life and independence. With Gentiva, great healthcare has come home.

I believe I can make a difference.
Gentiva occupational therapist assistants make a real difference in people’s lives every single day by delivering comprehensive patient-focused services such as nursing, therapy and rehab to more than 500,000 patients a year through an interdisciplinary team approach to care.

I believe in working for a company that cares as much as I do.

Gentiva offers our occupational therapist assistants a unique employment package that includes:

- Innovative specialties with cutting-edge training and development.
- Flexible full-time, benefited pay per visit and part-time positions.
- Greater control of your weekly schedule.
- Comprehensive benefits which include competitive pay with direct deposit, medical, dental, vision, short and long term disability, life insurance, a generous PTO package, paid holidays, 401(k), tuition reimbursement and much more.

I believe my work is my calling.

As an Occupational Therapist Assistant, you will:

- Provide therapy services consistent with the patient’s Plan of Treatment.
- Assist in the implementation of vocational and educational programs to restore, reinforce and enhance task performances, diminish or correct pathology and to promote health and self sufficiency.
- Design and adapt equipment for working and living environment. Fabricate devices to assist and improve function, independence and participation in the program.
- Provide therapeutic treatment and instruction to patients in accordance with physician orders to improve and restore strength, coordination, range of motion and function.

In addition, a Occupational Therapist Assistant:
Has the autonomy to make individualized patient-centered decisions for optimal clinical care.
Works with other highly skilled clinicians through a multi- or interdisciplinary team approach.
Benefits from the award-winning Gentiva University for clinical and professional development courses for advanced training and free continuing education credits.
Has access to the latest tools, research and techniques through the Gentiva Health Education Center.

Qualifications

Current and unrestricted OTA licensure
A minimum of six months occupational therapist assistant experience preferred
Home Health experience a plus
Current CPR certification
Good organizational and communication skills

I believe the best is yet to come.
As a occupational therapist assistant, we give you everything you need to make the most of your career, including advanced education and training, the latest resources and the industry's highest standards of clinical excellence. When you work for Gentiva, you can expect more: more opportunities, more challenges, more rewards. That's why Gentiva is the employer of choice for some of today's most experienced and talented occupational therapist assistants.
