- Professional communication skills required

Summary:
Demonstrate responsibility for at least one departmental project. Demonstrates treatment specialization or advanced certification in one or more treatment areas or programs. Provides appropriate treatment in several areas or programs. Patient care assistant performs all aspects of patient care.

For more than 50 years, Sharp Memorial Rehabilitation Center has provided comprehensive rehabilitation services throughout San Diego County, such as inpatient rehabilitation following catastrophic strokes, brain injuries and spinal cord injuries; outpatient rehabilitation for neurological concerns, sprains, strains and injuries; and specialty therapy services for problems related to balance, speech, lymphedema and chronic pain. Our rehabilitation team has witnessed first-hand the triumphs that people achieve in the face of adversity. Their courage reinforces the passion we feel for the work we do, and drives us to provide the best outcomes for our patients.

The Commission on Accreditation of Rehabilitation Facilities (CARF) has awarded Sharp Memorial Rehabilitation Center with a special designation for the rehabilitation of patients with brain injury, spinal cord injury, stroke and general rehabilitation designations.

Sharp Memorial Hospital — the first hospital in San Diego with all private patient rooms — is dedicated to providing the highest-quality, patient-centered care and consists of 368 beds. Designed to promote comfort and healing with the use of natural light and soothing colors, the hospital offers the latest medical technology and is home to San Diego’s largest, most modern Emergency and Trauma Center.

Sharp Memorial is known for outstanding programs in cardiac and vascular care, cancer treatment, orthopedic and neurological services, rehabilitation, robotic surgery and multi-organ transplantation, and has been recognized as a MAGNET®-designated hospital for nursing excellence and is also designated as a Patient-Centered Hospital by Planetree, an
organization committed to personalizing, humanizing, and demystifying the hospital experience for patients and their families.
