Sample GE Courses: 2022/2023 Course Success Rates by Modality

- Large disparities for some ethnicities between On Campus and Online classes
- Make time to review your own data as a department
- Where are the equity gaps?
- What are potential causes?
- What are potential solutions?

Course	AA in F2F	AA Online
GE Course 1	81%	48%

Course	Asian in F2F	Asian Online
GE Course 2	91%	77%

Course	Two or More in F2F	Two or More Online
GE Course 3	81%	53%

Course	Lat in F2F	Lat Online
GE Course 4	76%	68%

Course	Middle	Middle
--------	--------	--------

We are moving in the
right direction

5% increase in ONLINE
student success

Spring 2023 compared to Spring 2024

What is the MAIN Difference?

ATTEMPT UPLOAD EARLY in case you run into a technical snag and have to call CANVAS 7/24 Hotline! at 1-844-600-4953

NOTE: "Slides" and "Cells" are the same thing.

1) Prepare your presentation in PPT, Goggle Docs or whatever slide program you like, but - before uploading **SAVE AS a PDF file**. Upload the PDF (NOTE: If you do not present "live" in a ZOOM session you MUST include the commentary AS PART OF THE PRESENTATION (Just add comments on a slide between each of your presentation slides. listed "Slide 1, Slide 2, Slide 3, etc. BETWEEN your presentation slides/cards - NOTE: Google Slides "author's notes" will NOT save to a PDF and should NOT be used for your commentary!) You can do this between slides, easily number of the slide being discussed. THIS MUST be included AS A SLIDE between the Presentation slides, and be PART OF THE PRESENTATION - ie "Slide 1, Commentary on Slide 1, Slide 2, Commentary on Slide 2" - this would mean 4 slides total. (CANVAS will NOT upload 2 different forms for an assignment!!! If you ignore these instructions and upload without commentary included IN ONE DOCUMENT you will lose 4 of the 10 points right off the bat)

2) INCLUDE LOTS of photos! People LOVE photos. You cannot have "too many" photos. Photos can be found of ANYTHING at: Google Images [HERE](#) You can use a FREE image capture software you can download from the internet. My preference is "Snagit" (though I hear it is no longer free now - there are plenty of free ones out there - just google "free image download software")

3) If you have never used PowerPoint, you can download it for free and it is VERY intuitive. (I have to be one of the worst at computer stuff, and I mastered it almost immediately) NOTE: I hear PPT is no longer free, but

Prepare Your Presentation

- NOTE: "Slides" and "Cells" are the same thing.
- Prepare your presentation in PPT, Google Docs or whatever slide program you like
- Before uploading SAVE AS a PDF file and upload the PDF
- NOTE: If you do not present "live" in a ZOOM session you MUST include the commentary AS PART OF THE PRESENTATION
- Just add comments on a slide between each of your presentation slides listed "Slide 1, Slide 2, Slide 3, etc. BETWEEN your presentation slides/cards -
 - NOTE: Google Slides "author's notes" will NOT save to a PDF and should NOT be used for your commentary!) You can do this between slides, easily number of the slide being discussed. THIS MUST be included AS A SLIDE between the Presentation slides, and be PART OF THE PRESENTATION - ie "Slide 1, Commentary on Slide 1, Slide 2, Commentary on Slide 2" - this would mean 4 slides total.
 - CANVAS will NOT upload 2 different forms for an assignment!!! If you ignore these instructions and upload without a commentary included IN ONE DOCUMENT you will lose 4 of the 10 points right off the bat

Include Photos

INCLUDE LOTS of photos! People LOVE photos. You cannot have "too many" photos. Photos can be found of ANYTHING at: Google Images [HERE](#) You can use a FREE image capture software you can download from the internet. My preference is "Snagit" (though I hear it is no longer free now - there are plenty of free ones out there - just google "free image download software")

PowerPoint - Available for FREE

If you have never used PowerPoint, you can download it for free and it is VERY intuitive. (I have to be one of the worst at computer stuff, and I mastered it almost immediately)

Go to office.com and login with your network credentials (Grossmont email address and password). You can use the online version of Office or Download to your computer. PowerPoint has additional features in the version that you download to your computer.

Focus on the basics

Refine content to
meet accessibility
requirements

Incorporate Regular
and Substantive
Interaction

How can we
draw more
people in?

Resources Available

- One-on-one Appointments
- POCR Buy-In
- Canvas Camps
- GC Canvas Resources
- RSI Module
- Accessibility Module
- Workshops

How can YOU help?

- Share your success
- Invite us to meetings
- Encourage others
- Share our resources

Breakout Discussion & Share Out Time

Denny Cochran, our Amazing Discipline Tutor

Academic Senate Brainstorm Activity for Improving our Online Students' Success (August 19, 2024); Library Living Room

DIRECTIONS:

IN GROUPS OF 3-4, BRAINSTORM WAYS WE CAN SUPPORT OUR ONLINE STUDENTS AND FACULTY TO IMPROVE THE OVERALL ONLINE EXPERIENCE. SUGGESTIONS CAN BE FOR THE INDIVIDUAL COURSE, OR AT THE DISCIPLINE OR DEPARTMENT LEVELS. ALSO CONSIDER COLLABORATIVE EFFORTS WITH UNITS ACROSS CAMPUS. INCLUDE ANYTHING YOU THINK MIGHT WORK, INCLUDING BIG SYSTEMIC IDEAS.

FEEL FREE TO INCLUDE YOUR BEST PRACTICES, TOO!
