CANVAS SHELLS

The screenshot shows a Canvas LMS page for 'ACP-Social & Behavioral Sciences'. The left sidebar contains navigation options: Account, Dashboard, Courses, Calendar, Inbox, History, Commons, Studio, Student Support Hub, and Help. The main content area features a blue header with 'Welcome to the Social & Behavioral Sciences ACP' and a sub-header 'What is an ACP?'. Below this, there is a paragraph explaining ACPs and a section titled 'Is the Social and Behavioral Sciences ACP for you?' with three bullet points: 'Do you enjoy studying human behavior and interactions?', 'Do you have a desire to understand and change society?', and 'Are you passionate about helping people improve their lives?'. A graphic of a head with gears is positioned to the right of these questions. The bottom section, 'Social & Behavioral Sciences Programs', lists nine programs in blue buttons: Administration of Justice, Anthropology, Child Development, Ethnic Studies, Geography, Global Studies, Political Science, Psychology, and Sociology.

Welcome to the Social & Behavioral Sciences ACP

What is an ACP?

Our Academic and Career Pathways (ACPs) are designed to guide you as you explore different careers and academic programs. Think of an ACP as a group of related majors that connect you to the courses, sample academic plans, and resources that align with your interests.

Whether you're transferring to a university or preparing for a career, choosing an ACP helps you focus on the programs that fit your goals, while giving you the support you need from faculty and campus resources. With an ACP, you'll be on the right track to achieving your academic and career dreams!

Is the Social and Behavioral Sciences ACP for you?

- Do you enjoy studying human behavior and interactions?
- Do you have a desire to understand and change society?
- Are you passionate about helping people improve their lives?

Interdisciplinary in nature, the Social and Behavioral Sciences ACP will prepare you for various careers associated with helping others, and it can also prepare you for related graduate programs.
