NOTES

Purpose The Facilities Committee identifies prioritizes and advocates for the facilities needs and services. It makes recommendations to the College Council for the strategic direction and implementation of facilities priorities. These recommendations address facilities policies and procedures, prioritization of facilities requests from annual unit plans*, facility requirements for existing programs, and projected facility needs of the college for the future. The committee will ensure that its recommendations are consistent with the objectives and recommendations established in the Facilities Plan, Strategic Plan, Educational Master Plan, and other supporting plans and reports (five-year capital outlay plan, use of space, scheduled maintenance, state and federal reports, etc.).

COMMITTEE REPORTS	
Constituency Updates ASGC, Academic Senate, Classified Senate, Administrators Association	Committee members provided brief reports on behalf of the Administrators Association, the Classified Senate, and the Academic Senate.
Construction Timeline and Campus Impacts – Loren Holmquist	Loren provided a timeline for the many construction projects that are planned through July 2026. Some projects in the list were discussed. Building 20 construction is on hold due to a possible bond extension. Building 30 will be having an HVAC/Fume Hood ventilation assessment to determine next steps. The golf putting green will be demolished along with the ski slope; the driving range will remain intact. Loren spoke about the stormwater outfall drains. There are two specific areas on the perimeter of campus where this is the most impacted. An environmental impact report (EIR) is needed before the stormwater project can begin. The last EIR was done in 2005. It was noted that panic buttons are being installed around the campus in classrooms and labs only. The panic button is designed to close and lock the door when pressed. There is a delay in staff and faculty returning to building 52-54. The project may end up costing between \$26-40M; Phase 3 is on hold. Two weather shelters at the bus loop are in progress. More details are provided in the PPT slides.
Facilities Project Requests – Loren Holmquist	Loren then addressed the list of Facilities Project Requests submitted for FY25-26. There are over 30 projects listed, although not all have completed the approval process. Loren sent a scorecard to each meeting member. The scorecard will calculate the priority of each listed item. The scorecards are due before the next meeting on February 4, 2026—more details provided in the PPT slides.
