Mentee of the Month!

Lizz is a biology major and part of Puente. Her interests include reading, spending time with family and friends, painting, and journaling. Lizz wishes to set a good example for those who look up to her and is eager to take on new challenges. She is patient when making a critical decision and is willing to consider suggestions that will help her education.

CONGRATULATIONS

On behalf of the FYE team, I would like to congratulate you all on completing your first semester of college! The first year can be one of the most difficult years as students transition into a new environment. Getting to and making it through your first semester of college is a huge feat! We know there are so many other things going on in your lives outside of school and you are still here. We are so proud of each of you for making it through! Congratulations!
